### **Curriculum at Bromesberrow**

Class 1 have been making fact files about dinosaurs based on the book we are reading 'Harry and the Bucketful of Dinosaurs' We have also been busy outside planting flowers, carrots, potatoes and tomatoes ready for our cookery activities in the summer!

Class 2 have been making wormeries to discover how they break down soil. We have also been looking at magnetic and non-magnetic materials.

Class 3 had a geography project to do this week. We all picked a continent (but not Europe) of our choice and looked at the countries, the rivers, landmarks and people of the continent and anything else that interested us about the area.

In Design and Technology we are making sculptures out of wire and soap!

### **Medicines in School**

We have made a change to our Medicines Policy in school and can now administer non – prescription medicines if absolutely necessary. Please request a medicines form from the office if your child needs medication.

From our Medicines Policy:

*Prescription and non-prescription medicines will only be administered at school when it would be detrimental to the pupil's health or school attendance not to do so and where we have parents' written consent Anyone giving a pupil any medication (for example, for pain relief) will first check maximum dosages and when the previous dosage was taken. Parents will always be informed. The school will only accept prescribed medicines that are:*

*In-date Labelled Provided in the original container, as dispensed by the pharmacist, and include instructions for administration, dosage and storage*

## John Masefield High School

We are looking forward to welcoming Mr Wyatt from John Masefield and some of our past pupils into school on Monday. The children in Class 3 will be able to ask them questions about their experiences at John Masefield as well as what it is like being at a high school.

## Puzzlewood

The weather gods were being very kind to us on Monday when we had our school trip out to Puzzlewood. We had a glorious time exploring the woods, looking at all the different moss types and then meeting some shetland ponies, goats and highland cows.
